Midday Sydney	Sunset Sydney	Sunrise Mumbai
Midnight Sydney	Sunset Mumbai	Sunset New York
	Midnight New York	Midnight Honolulu

PRINT MULTIPLE COPIES

Teacher note:

During the video conference we will use *Space Engine* to investigate the cause of day and night. Then we will visit numerous cities and ask the learners to identify the approximate time of:

1. Sunrise
2. Sunset
3. Midday
4. Midnight, in the cities listed above.

The learners will cross off each box.
Only ONE box of 9 squares will be the winner.
